

Radionics Class

Taught by Rev. Scott Ertl

April 25 & 26, 2026

Students can attend in Person or on Zoom

DAY 1

You will learn the basics of Radionics- Principles

9am-5pm

- Instrument Parts
- Correct operation of the Radionics Instrument
- Basic Handouts
- Broadcasting

DAY 2

You will learn advanced Principles of Radionics -Potentizing

9am-5pm

- Using Reagents with Broadcasting
- Making Programs
- many more Worksheets (close to 40 worksheets)

A Radionics Instrument is REQUIRED for all days of the Class, if you don't have a Radionic Instrument You can buy one or rent one for \$25 per day. If YOU PLAN TO PURCHASE AN INSTRUMENT LETS US KNOW ASAP so we can make sure we have one ready for you at Class!

Also a Potentizer is REQUIRED for Day 2. We usually have a few extra to use but let us Know If you need to Borrow one! Zoom participants will need to have a potentizer prior to class.

Instruments can be seen on our website www.lightningpower.org

We also have a rate website available (we continually add new rates to this website) The Website has many premade worksheets and you can search for rates and make your own worksheets also; www.lightningrates.org

Class will be held at **Infinity Mission Headquarters**

Contact Rev. Scott at 715-305-2387 to reserve Your SPOT!

Rev. Scott is a Master Dowser, Radionics Operator and teacher for many years. For the last 20 years he has done Stray Voltage, Geopathic and other weird energy work and developed the Ertlizer to remediate many of these issues. In 2018 he started Infinity Mission and started building a New line of Radionics equipment "Lightning Radionics" with features never seen before in this industry!! Rev. Scott also continues his lifelong passion in toy building.
